About the SWAT

Whether you are a resident or a visitor, we are lucky enough to enjoy the peace and surroundings of the village but, Wick Green needs some repairs and TLC.

We are all aware of the constraints and demands on local council funding, so, this is an ideal time to forge an active partnership between BCP, residents and SWAT members.

Our local councillors, Bernadette Nanovo and Judy Richardson, have set up Southbourne Wick and Tuckton actions groups (SWAT) to galvanise local communities and businesses to make a difference where they live.

Please get signed up to the SWAT mailing list Bernadette.nanovo@bcpcouncil.gov.uk to keep up to speed and share information with any local interested parties.

This initiative will be one of many to improve our shared and green spaces in our local area. So far we have cleaned Wick Pond (in collaboration with BCP and the amazing HH Volunteers), completed a street clean in Tuckton Parade and are currently working on securing improvements to the Wick Telephone Box.

If you can spare some time to help in this community effort, we look forward to seeing you at 1030 on Saturday 23rd November at Wick Green.

Thank You- The Wick Warriors
